### NAVIGATION SUSPENDED

South River Blocked and Insurance Terminated, Lake Vessels Tie Up For the Winter

Bulletin Special.

Fort William, Ont., Dec. 13.—The marine insurance policies on most of the vessels terminated at noon today and all steamers leaving port after this will do so at their own risk. Owing to the blockade in the Soo river a large number of boats will be forced to winter in the harbor here. This is unusually early for the river to close and an attempt may be made

make a last trip. The navigation season of 1906 has been by far the most successful in the history of this port. The amount of merchandise arriving from the east has been fully fifty per cent. greater than that of any previous year. The grain shipments to the east have shown a slight falling off.

### SOURIS MAN KILLED

### CANADIAN PACIFIC HOLDS CINCH

New Steamship Service Gives Canadian Road Advantage Over American Lines

Bulletin Special.

Washington, D.C., Dec. 12.—Competition between Canadian roads and those in the United States for traffic originating on the other side of the Atlantic was the chief matter before the interstate commerce commission today. The Illinois Central had presented a petition to be allowed to change its import rate on less than

thirty days' notice, alleging that this was necessary to meet the competition of the Canadian lines. The gist of the whole matter seemed to be the ownership of two lines of steamboats by the Canadian Pacific railroad in virtue of which it was claimed that they could cut ocean and lake rates and get business at a profit while still maintaining the published rail tariff.

Both the Canadian lines had representatives present. John W. Loud spoke for the Grand Trunk and A. H. Hart for the Canadian Pacific.

### TORONTO WANTS DEEP HARBOR

Delegation From Queen City Besieges Capital Hill With Request For Large Expenditure

Bulletin Special.

Ottawa, Dec. 12.—A large delegation arrived in the city today from Toronto and waited upon Sir Wilfred Laurier and Ministers Aylesworth, Brodeur and Fisher in the Premier's office this forenoon and asked for the deepening of the harbor and the establishment of life saving appliances. The city council, the board of trade, the Dominion association, the harbor commission, business men's association,

Canadian manufacturers, immigration, shipping interests and local sanitation were all represented. Mayor Coatsworth was the first speaker. He outlined what was wanted. Several of the others addressed the ministers and M. J. Haney of the business men's association outlined a very comprehensive scheme of improvements. Sir Wilfred Laurier said that as this scheme was a new one, all that he could say was that he could have the matter looked into.

### SUDDEN DEATH

### RELIGIOUS TROUBLES IN OLD FRANCE

Disturbances Follow Enforcement of Separation Order—Government Treat Priests As Foreigners

Bulletin Special.

Paris, Dec. 13.—The day of grace granted to the local churches in the execution of the law providing for the separation of church and state postponed until tomorrow the measure for its enforcement. The delay however, has only served to increase the excitement over the expulsion of Mgr. Montigny the papal secretary to Paris. Prosecutions have been begun against the Ultramontane abbes of the church.

which during the last few years occurred and it has been decided by the government to take over all the buildings of the ecclesiastics and to stop the pensions to the clergy, compel the aspirants to the priesthood to fulfil their military obligations and necessary to treat the clergy as subjects of a foreign power. This constitutes a demonstration of the spirit in which the government intend to meet any resistance.

### PASSEVIL SQUELCHED

### NEW PROPOSITION FOR POWER PLANT

Commissioners Considering Scheme to Locate Electric and Pumping Station Together On Top of Coal Mine

There is a new scheme in the minds of the city commissioners, which if worked out will mean a complete change in the whole power and water situation.

The city has made arrangements to secure from James Gibbons, Indian agent, an option on eighty acres of the southwest quarter of section 25 and that part of the northwest quarter of 24 lying to the west of the Saskatchewan river, where it takes its rise across to the south, about three miles from the city limits.

The scheme they have in mind is a plan to place the electric station and pumping station on the corner of the northwest of 24 and to open up a coal mine on the property to supply the plant with fuel.

The Gibbons site calls for about four and a half miles of pipe line to bring water to the heart of the city, as against about three miles necessary to bring the water from the site formerly considered on the Strathcona side of the river, at the end of Whyte avenue.

The previous scheme has been to

## RELIABLE RESPONSIBLE OUR SALE COLUMN

We have several clients in the East and in the States who have communicated to us purchase offers for \$45,000 of Edmonton city property. We only want the property listed for a few days. Give us the very lowest bid rock price for cash and on terms. Either in the east or west end, close in.

### Main Street Property

\$50,000 For 158 feet frontage on Jasper avenue with small buildings, this property is facing three streets occupying corner position on Jasper this is one of the best buys on our large list. Exceptionally easy terms \$14,000 is the exceptional low price for a bit of Jasper avenue property in the heart of the city drawing \$80.00 per month rental, this is an exceptionally good buy.

\$35,000 For 106 feet on Jasper avenue corner position in good locality if you are looking for a good buy come in and see us re this. Good terms.

### Warehouse Property

\$10,000 For two choice lots corner position on Seventh street. This is a splendid location for a warehouse. Easy terms.

\$10,000 For corner position on 4th street and McKenzie avenue.

\$5,500 A choice lot facing on Third street running back to the spur track, this is a good buying.

### Residence Properties

\$10,000 For well new nine roomed house well finished and situated on view lot. Suitable terms.

\$2,000 For neat six roomed cottage on Bellamy street close in. East terms.

\$2,200 For well new eight roomed brick house on Syndicate avenue. This is a property we can recommend as being good, reasonable terms.

\$1,700 For five roomed cottage on Kinistino avenue. Terms.

\$1,800 For new five roomed cottage on Syndicate avenue. Terms.

\$1,950 For five roomed house, brick cellar. Kinistino avenue. Terms.

### Vacant Lots

\$2,000 Buys good lot with 50 feet frontage on Heimick street near First. Suitable terms.

1,900 Buys residential lot on 14th street, this is a very good buying.

\$500 Each for two good lots on north side of Picaud street. Terms.

\$2,000 Each for two view lots close in, in west end. This is a buying.

\$1,500 For one of the best lots on the west side of 15th street, close to Jasper.

\$1,250 is the sacrifice price for a splendid lot on 16th street.

### Business Propositions

\$20,000 is the sacrifice price for complete new stock and furnishings of a splendid Grocery Business located in heart of the city. This is a rare snap and will be picked up something we can recommend. Terms.

\$500 Handles stock and furnishings of an up-to-date restaurant in the heart of the city.

We have a splendid proposition in this business can easily be handled as a going good.

\$1,000 is the selling price of good blacksmith outfit together with property and buildings. Inquire.

### Farm Property

\$10.50 per acre, for a full section of wild prairie land, situated in good locality 48 acres of this section are ready for the plough. Plenty of good water on the place. Very easy terms.

\$30.00 per acre buys a splendid farm in Clover Bar District with 100 acres in cultivation. All wire fenced, and the best of land, situated beside the railway. Good terms.

\$100.00 buys a dairy quarter section adjoining Lamont Township this is one of the best buys on our list. Land is all wire fenced. About ten acres in cultivation and the rest all open prairie land. Creek running through property. Very easy terms.

\$11.60 per acre for a choice quarter section situated 3 miles from Lamont station, 50 acres broken and the remainder open prairie land, not a foot of a foot of waste land on the quarter. This is a snap. Good terms.

\$12 per acre buys a dairy half section only 4 miles from Fort Saskatchewan, 50 acres broken good water and splendid soil, this is our special snap in farm land. Easy terms.

## Strathcona

### TRAIN DERAILED

There was another train wreck on the C. & E. last evening as the result of which an entire train of seven cars of freight were derailed a short distance the other side of Bowden. The accident was caused by a defective rail. There were no serious injuries to the train crew, but the engines which should have reached Edmonton at 11:15 last night, did not get in until half past six this morning. The passengers were transferred to another train at the scene of the wreck.

### C. P. R. PASSENGER RATES

No indication has yet been received by the Chicago local C. P. R. agent at Strathcona, of the rumored reduction in the passenger rates between Strathcona and Calgary of from 4 cents to 3-1/2 cents per mile. Some time ago Mr. Fisher, secretary of the Associated Western Boards of Trade, appeared before the railway commission, and asked that the rates be reduced to the standard of the eastern lines, which is about three cents per mile. The commission held that owing to the fact that the country was not thickly populated, the time was not opportune for such a large reduction. The secretary has since received a letter from the secretary of the railway commission stating that the 3-1/2 cent rate will shortly be adopted.

### LOCALS

—This is the night of the regular band skating at the Strathcona rink, the change having been made from Thursday night as it was impossible to procure the services of the band on the latter evening.

—Great interest is being taken in the curling contest for the Ochsner cup, and the games are being keenly contested. Yesterday was open day and an Edmonton rink visited Strathcona, defeating a local four by a score of 12 to 11.

—It is probable that the regular regular monthly meeting of the Public school board which did not take place last Friday evening will be held tomorrow night. A number of matters of importance are to come before the board.

—There was a large attendance at the Assembly Ball in Walter's Hall last night and a very pleasant time was spent. This is likely to be the last of the many enjoyable occasions of a similar kind spent in that excellent pleasure resort as the entire building is shortly to be used by Douglas Bros. in connection with their stores downtown. Excellent music was furnished last night and refreshments were obtained at the Cafe across the street.

### DEHORNING STOPS LOSS.

Cattle with horns are dangerous and a constant menace to persons and property. The only safe and reliable method of removing horns is by the use of the "Black & White" Dehorning Paste. It is a powerful caustic which destroys the horn tissue and causes the horns to fall out. It is the best method of dehorning and is guaranteed to stop loss.

## Coming! Learn Dress-Making

in four days, or learn by mail in your spare time at home.

Mr. and Mrs. Wm. Sanders, of the Sanders' Dress-Cutting School, Stratford, Ont., Can., will visit this place on date given at bottom of advertisement, and will show how you can learn to cut and put together everything in dress-making. Course consists of eight lessons which are:

1st Lesson—How to take a correct measure. How to use the "Elite Ladies' Tailor System" to fit anyone.

By the time you are through with this lesson you will know as much about cutting as if you worked in a shop six months or a year, and gave from \$5.00 to \$25.00 for a system. In this lesson you test the perfect fit of system by making a waist for yourself or friend.

2nd Lesson—How to cut the different styles in line, waist, by dress, pleating, yokes, revers, boleros, etc. and putting all together. Fitting and particulars to finishing.

3rd Lesson—How to cut by drafts all kinds of yokes, berthas, collars, girdles and cuffs.

4th Lesson—How to cut different kinds of sleeve and put together, and matter what style, can be more easily cut than by using patterns.

5th Lesson—Finishing skirts, cutting costs, etc.

A few reasons why it is the best way to learn. (1) Because it costs no more than the making of one dress. (2) It only takes four days personally, or a couple of weeks by mail. (3) The whole family can learn from system and lessons you take home. (4) I have had thirteen years' experience in dress-cutting and teaching. Have taught over six thousand pupils and all were more than satisfied. I guarantee to give \$50.00 to any one who can't make a perfect fit after they are through—and you don't pay until you are through and are perfectly satisfied. Don't forget to call on Saturday. Farmers' daughters, and ladies who have worked at dressmaking, or apprentices, specially invited.

## Around The City.

—The Protestant public school board will meet this evening.

—The senior hockey team will have a practice tonight at the Thistle.

Dances by Braemar Social Circle Friday evening in Hounston's Hall from 8 to 12 o'clock.

—The Young People of St. Paul's church will entertain their friends at a sleighing party this evening.

—The Senior Hockey Club of Edmonton will play a match with the Strathcona Seniors on Christmas afternoon at 2:30 in Strathcona rink.

—Christmas tree and concert will be held at Poplar Lake school house Christmas eve, Dec. 24th. Admission 25c.

—The meeting of the Knights of Columbus which was to have taken place last night will be held tonight at the old schoolhouse, on Fourth street, south of Jasper.

—The Young Men's Club of McDougall church will hold their monthly social this evening in the parlors of the church. An interesting program is arranged. All men are invited.

—David Dunn, the first street real estate man, leaves on Saturday for an eastern tour, intending to visit his old stamping grounds in the oil regions around Petrolia.

—Mr. Joseph Corstine who was elected overseer of the village of Morinville about three months ago to fill the position vacated by Mr. Ringst, was elected on Monday to the position by acclamation.

—The Alberta Poultry and Pet Stock Association are associating and a meeting of the officers and committees on this season's show to be held at the hardware store of Jas. A. Stovel, city, this evening at 8 o'clock.

—The printers' hockey club will hold their first practice at Horner's rink, corner Clara and First streets on Saturday evening from 6:30 to 7:30 o'clock. All players are requested to be on hand. Practices in future will be held at this rink at the same hour.

—Bank clearings for the week ending Dec. 12th—\$849,635.93 compared with \$1,166,284 last week. The large showing of last week was due to the fact that the 4th of Dec. which came in the week, being a day upon which extensive collections are made.

—J. H. Garlepy's elevator at Morinville has been completed and already the farmers are drawing their oats. The capacity of the elevator is 55,000 and is about half full. Yesterday 3300 bushels were marketed at the elevator.

Premier Rutherford was at the city offices this morning to confer with the authorities there regarding the acquisition by the government of the city gravel pit, which adjoins the site recently purchased by the Province of Alberta as a parliament site. The government needs the property to round out the capital site, and the city council has already expressed its willingness to sell for that purpose. The government will make a proposition to the city in time for the next council meeting.

—The marriage of Mr. John Cameron of Horse Hills, and Miss Mary Middleton, of Fairbairn, Scotland took place yesterday afternoon at the home of Mr. and Mrs. Relfrage, Fourth street, Edmonton. The ceremony was conducted by Rev. Dr. D. G. McQueen of First Presbyterian church. Miss Brown, of Horse Hills, acted as bridesmaid, and Mr. Frank Coughan, as groomsmen. The bride was given away by Mr. Relfrage. After the wedding ceremony the friends and bridal party were entertained to luncheon by Mr. and Mrs. Relfrage. Mr. and Mrs. Cameron left last evening for their home at Horse Hills.

## REVILLON'S HOCKEY TEAM.

One of the smartest hockey teams on the ice this year will be the Revillon's Hockey team. Some of the best players in the west will figure in the aggregation. The team is composed strictly of men in the employ of the firm. There is "Roxy" Powers, and Blomfield, Reg Blomfield's brother, who is expected to make a name for himself in the line-up.

The club have secured the Thistle rink from 6:30 to 7:30 p.m. on Tuesday and Friday evenings and will begin practices next Monday evening. J. W. Morris is the manager and will have the following players in the line up for the first game—Goal, McGill; point, Reid; cover point, "Roxy" Powers; centre, Collins; rover, Blomfield; wings, Kent and Halloy.

The team is enthusiastic and are out for the city championship. They have the hearty co-operation of the head of the Revillon firm, and intend to arrange for a match with some eastern wholesale house team before the season closes. Besides the players mentioned there are several speedy spares and dark horses.

## FOLLOWING THE LEAD.

Calgary Albertan: When the question of publicity came before the Calgary city council on Monday evening, could not see their way clear to make any grant. They would not employ a publicity commissioner. They would give no grant to the board of trade. They would give no grant to the exhibition company. There was very great difficulty in putting through a grant of \$100 for the exhibition up the Canadian manufacturers.

We do not often have to take lessons from Edmonton, but we do have to take lessons from the generosity of Edmonton's city council.

During the year the Edmonton council made the following grants for exhibition purposes:

Exhibition board \$2,700  
Board of Trade \$300  
Manufacturers association \$119  
Other receptions \$179  
Other publicity grants \$166

Against this we have Calgary's expenditure for publicity of less than \$200. And we have heard Edmonton complain that Edmonton is getting more publicity than Calgary.

## Assessors Defends Voters Lis's

Says That Only One Valid Complaint Was Made on Election Day

Assessor W. J. McMillan says that there was no room for the complaint that the voters' lists were unsatisfactory.

Mr. McMillan states that only one valid case of a man who was properly qualified to vote being left off the list was brought to his attention, and that was the case of Professor J. H. Riddell, who was assessed for income, but was omitted from the list.

Mr. McMillan states that there were many who presented themselves as voters by proxy for their wives, who were property holders, but who were not aware that the charter had been amended so that they were required to bring an order from their wives in order to be allowed to vote.

Another amendment, passed at the last session which requires \$200 worth of property instead of \$100 as heretofore, Mr. McMillan said, caused considerable misunderstanding.

These alterations in the qualification were advertised and some citizens, noting the advertisement, acted accordingly but others who failed to do so, were disappointed.

## SENIOR HOCKEY

Game With Strathcona Xmas Day In Strathcona

The senior hockey team will be out for practice tonight at the Thistle rink. The management of the team have secured the ice for Monday and Thursday nights. The first turnout was last Monday evening; a number of last year's team were in attendance, among whom were Arnold Johnson, "Roxy" Powers, Billy Hanford, Reg. Elliot, and Campbell. A number of new men were prominent in the turnout. Reg. Blomfield, whose reputation as a fast hockey man preceded him to Edmonton, from the east, was in the practice, and is in good shape. It is rumored that Blomfield's brother may come west to Edmonton this winter. Gorman, of Ottawa, who played outside wing with the St. Patrick Rugby team this year, is a new man, that gives every appearance of being able to deliver the goods. Then there was Taylor, an Upper Canada college boy; Sibbald, a brother of the famous Ed. Sibbald, and Blair, who played for three years with the Three Rivers team, when they won the Dominion Intermediate championship three years ago. Blair is also an old Upper Canada boy and played last year with the Crescents of Brooklyn. Mackenzie and Simpson, of Ottawa, are two other men who showed up well at the opening practice.

The management of the team is in the hands of a committee of three: Messrs. C. Griffiths, A. G. Kemp, and E. E. Chauvin.

The first game of the season will be a match with Strathcona on Christmas day in Strathcona. The return match will be played on New Year's day at Edmonton.

The secretary E. E. Chauvin is trying to arrange games with Lettbridge, Medicine Hat, Moose Jaw and Saskatoon.

At Monday's practice Dr. O. P. Strong acted as coach.

## NEW TEAM FOR BRANDON.

Authentic information is to hand that Brandon will apply to put a team in the amateur senior hockey league of Manitoba. This action has been caused by the course of the Victorias and Winnipeg withdrawing from the senior professional league. A large proportion of the sporting public in the Wheat City are against the introduction of the professional element into hockey, and the plan moved in to have the Shamrocks, a speedy aggregation of homebrews, admitted to the amateur league, thus assuring a popular interest in the game, and at the same time striking a decisive blow for amateurism.

DUNCAN MARSHALL,  
Manager

THURSDAY, DECEMBER 13, 1906.

## AN OLD TORY TRICK

If the Journal speaks for Mayor Griesbach, and we presume it does, then he has determined to utilize his official position as mayor of this city for partisan political purposes. The attitude of the Journal makes it clear that the Tory machine counts the victory of Mr. Griesbach a party victory. There are a good many young Liberals in this city who voted for Griesbach for personal reasons, and while quite a few of them suspected that party capital might be made out of their support at some future date, they hardly expected to be told so soon that they were to be utilized to boom the defunct Tory party.

It will take more than this to resurrect Toryism, however, as the Gleichen election shows, but if it is the confirmed purpose of the Tory organ and its progenies here to turn the civic elections of this city to their party's account it is well for the Liberals to understand it, and if they are counting a contest in future upon party lines then "Come on Mac-Duff!"

## PAID FIRE BRIGADE FOR REGINA

Regina is to have an improved fire brigade as a result of recent conflagrations. A despatch from the Saskatchewan capital says: "The two serious fires of the past week have determined the city council on the organization of a fire brigade on a paid basis. To facilitate this the resignation of Chief White will be presented to a special meeting of the fire and water committee this afternoon. Probably the Edmonton system will be adopted, there being a paid chief, first and second engineers, and two drivers, the brigade being completed by volunteers, excellent material for which already exists. As this year's city council has been practically wiped out it is probable that definite action will be relegated to the new council." The system here outlined somewhat remotely resembles the old volunteer Edmonton brigade. The present Edmonton brigade consists entirely of paid men.

## INTERNATIONAL WATER RIGHTS

The International Waterways Commission has decided that no withdrawal of waters from an international lake or river may be accomplished by the United States without the consent of Canada. The decision is particularly important as Cleveland wants a canal from Lake Erie via the Ohio river to the Mississippi, and Chicago wants a deep waterway from Lake Michigan to the same stream. With the construction of the Panama canal the northern cities see the possibilities of reawakening trade with San Francisco by way of the Mississippi, the Gulf of Mexico, the canal and the Pacific coast steamers. On the other hand the withdrawal of water from the Great Lakes for the provision of such waterways might seriously affect traffic on the Great Lakes by lowering the water level in harbors already dangerously shallow.

## HOLDING UP THE WEST

Mr. Cockshutt, member for Brantford, was the only Opposition member who tackled the tariff with anything like resolution, but he gave some suggestions regarding the tariff on agricultural implements which should prove quite interesting to the people of the West. Mr. Cockshutt produced the following statistics regarding the imports and exports of agricultural implements:

Year.	Imports.	Exports.
1899	445,070	\$ 595,277
1900	375,000	762,000
1901	905,000	1,444,000
1902	1,630,000	1,867,000
1903	1,850,000	1,993,000
1904	1,850,000	1,740,000
1905	2,655,468	1,820,000

Commenting on the figures Mr. Cockshutt said: "The House will observe that in 1901 there were more imports than exports of agricultural implements. In 1902 the imports were again considerably greater than the exports. This is as far as my

paper goes except the figures which I have just read from the blue book of this year which show \$1,600,000 of imports, a reduction that I am glad to see. We have a total of imports of nearly \$9,000,000 while the exports total nearly \$10,000,000, so that this statement shows practically a balance for all these years between the bringing in and sending out of agricultural implements."

Mr. Cockshutt's statistics take the wind from the sails of those Conservative organs in the farming communities, which have asserted that the Government has not materially lessened the restrictions on the importation of agricultural implements. If we have imported a larger percentage than formerly, it can only have been because the restrictions against their importation were such as to allow us to do so. That it was not due to a scarcity of the home-made goods is clear from the fact that while we were importing them we were exporting nearly as many of the Canadian-made implements.

Quite as effective is Mr. Cockshutt's language in proving that the tariff has preserved the "Canadian market to the Canadian manufacturer," if the latter were desirous of occupying that market. That we have been forced to import much more than we have exported is the best of proof that there was a demand in Canada for all the Canadian-made implements if the Canadian makers had not preferred sending their goods abroad rather than selling them at home.

Why the Canadian manufacturer prefers doing so Mr. Cockshutt next informs us and the information is none the less conclusive that it was unintentional. He said: "The question has often been asked: Cannot you manufacture agricultural implements in Canada with a 20 per cent. or at 17-1/2 per cent. duty? Yes, we can if we can have these goods on the ground. But, I want to point out that a large part of that 20 per cent. is consumed in freighting these goods up to their market in the west. The freight on the large bulk of these goods such as mowers, reapers, cultivators and all these heavy implements consumes about half the duty. Provided it is 20 per cent., it costs us nearly 10 per cent. as compared with Chicago or Minneapolis to deliver the goods in the west. That should not be lost sight of. The freight that is required to lay these implements down in the west from Ontario where they are manufactured consumes about half the protection which we have, leaving us only about 10 per cent. to compete with our American neighbors with their vast and increasing output." In consequence the Canadian makers sent their implements to Italy instead of to the West.

The reason assigned by Mr. Cockshutt for the failure of the manufacturers to sell their goods in Canada instead of abroad is that the freight from the factory in Ontario to the market in the West consumes a large portion of the "protection." In ordinary business enterprises this would appear to be about the best reason possible why the factory should be removed from Ontario to the section of the country where its goods are sold and whence its income is derived. But this is not the argument of the member for Brantford. Instead of moving the factory he demands that the tariff be raised and the inevitable conclusion of his argument is that he would have the tariff raised for the explicit purpose of preventing the removal of the factory. He would saddle upon the farmer of the West a tariff which would enable the manufacturer in Ontario to charge him the cost of the implement, plus the freight of the West, plus profit, plus whatever margin remained between this price and the price at which American implements could be sold in the West.

The unvarnished situation is that the manufacturers of Ontario see developing in the West an almost immeasurable market for agricultural implements. If they can control this market absolutely and unquestionably from their factories in Ontario they will avoid the necessity of investing more money in building factories in the west. At present this absolute control is prevented by the importation of implements from the United States. But if this importation could be stopped the western farmer would be forced to buy the goods manufactured in the Ontario factories at the prices the factory owners considered it desirable to charge him. This is how the "development of home in-

25c cushion tops we only have a limited number of these goods. Sale price 15c each.

dustries" would work out in the West under a high tariff.

Questioned by Mr. Patterson as to what rate he would suggest to accomplish his purpose, Mr. Cockshutt said: "If the hon. gentleman gives us a chance at making a tariff we will try to do it to his taste and to the King's taste, but in the meantime I do not know that I need express my views to the hon. gentleman in so many figures. . . I have an idea but I do not know that I am called upon to give it to the hon. gentleman (Mr. Patterson). I think that a very moderate rate tariff would be sufficient. I look upon a 20 per cent. tariff as a very moderate tariff. I think that should have been increased on the bulk of agricultural implements and not diminished."

## A POCKET BOOK MARGIN.

Every Orange Meat package contains one-third more than any other 15c package. This means 5c saved on every package. And the more you eat the better chance you have of getting Ten Dollars free. Orange Meat gives Ten Dollars for the largest number of coupons taken from the 15c packages. Win this Ten Dollars, and you have enough to pay for a whole year's breakfasts. Coupons must be mailed or delivered on or before Dec. 31st and must reach the office of "Orange Meat," Kingston, before January 10th when the prize will be awarded.

## Improve your spirits

with York Soda, the highly-charged, sparkling water with the snappy, dry tang that betters the flavor of any liquor it dilutes. Bottled at the Springs for surety of purity, and sold wherever gentlemen drink. Compare it with the imported sodas and learn that

York Soda  
is better—yet costs no more.

## FLOUR IN THE FAR EAST

Mr. Alexander Maclean, Commercial Agent for Canada in Japan, has information to the effect that there is a rapidly increasing demand in Manchuria for wheat flour. He says:

"At Tsientsin, which is the northern limit of the Japanese occupation in Manchuria, foreign flour was introduced by transients about a year ago. According to the Chugai Shogyo Trade News, Home and Foreign, published at Tokyo, the demand has since been growing to such a remarkable degree that it can be safely estimated that flour will become one of the principal imports of that country. There is a great production there of native flour, the description of which translated is 'white flour'. This article, which brought fabulous prices during the war, has settled down in price to three pence, or one and a half cents per bushel. The importation of wheat flour showed last year 300,000 bushels, at 100 cents per bushel. Today 50 per cent of the demand is filled by imported flour. The importation is all of the ordinary quality from the United States and Pacific ports. The general price is about 3.50 yen, or about 1 yen higher than in Japan. This quantity imported during the first six months of this year amounted to 150,000 bags. Considering that a very large part of last year's wheat bags must have been for army use, the keeping up of that rate of consumption confirms the report that the use of flour amongst the natives is increasing and becoming a very important consideration."—Toronto News.

## THE WEATHER

Winnipeg, Dec. 13.—The weather has been quite cold throughout the province, especially throughout the north districts, snow storms have occurred in Saskatchewan and Alberta.

Forecast—Manitoba and Saskatchewan north easterly winds, decidedly cold today and Friday with light snow falls. Alberta fair and very cold today and Friday.

## THE LEASERS MUST COMPLY

Government Cancels Six Hydraulic Claims In Klondike and Warns Others to Fulfill Duties

Ottawa, Dec. 12.—Replying to questions by Mr. Monk, Hon. Frank Oliver said last night that during the year 1906 government had cancelled six hydraulic mining leases in the Yukon Territory owing to the lessees not having complied with the provisions of the regulations and condition of their leases. A number of other leases have been warned that if they do not comply with the conditions laid down, their leases will be cancelled. Those who have been warned are the Klondike government Concession, Bonanza Creek Hydraulic Concession, Quartz Creek syndicate, Messrs. A. B. Palmer, R. H. Palmer and D. H. Hogg, Messrs. Washburne and Ritchie, and Mr. W. H. Scroggie.

Hon. Frank Oliver told Mr. Monk that there was nothing in the description to show that Messrs. Guggenheim are now operating mining claims in the Yukon.

Read this telegram from Santa Claus; just to hand this morning from the North Pole.

SANTA LEAVES THE NORTH POLE.

A Wireless just received reads:

Dear Mr. Manager (at Douglas')

How the time flies. Here I am once more starting off for Edmonton. This year I have been warned that a great number of very fierce wolves, sea serpents, walrus, dragons, Esquimaux and robbers are waiting for me, so I have made an airship to travel in with my deer and the toys for children. How I long to see them again. All their wireless messages I have received, and, as I have a wireless telegraph apparatus on my air ship I can receive the dear children's messages while flying towards Edmonton. Mrs. Santa Claus says it is high time for me to be off, so I must hurry. Will wireless tomorrow. Love to all the dear children.

Your faithful old friend,

SANTA CLAUS.

P.S.—Tell the children to wireless me from your store.

We invite you to visit our store any time either during day or evening. You will find something of interest in every corner. Remember we are open from 8 a. m. till 10 p. m. every day.

### Fort Saskatchewan

Fort Saskatchewan, Dec. 11. — A quiet wedding took place in the manse on Friday evening last, when Miss Kathleen Elliott of Lamoureux and Mr. Alfred Munroe of Leduc, were married. Rev. A. P. Forbes, officiated.

Rev. A. F. Forbes, and Dr. Herdman, superintendent of missions, have gone north on an extended trip in the interest of their work.

The license board met here today. Messrs. Robinson, of Lloydminster, and Messrs. Robinson, of Lloydminster, and J. Rae, of Edmonton, were in town for the occasion.

Messrs. T. Shipley, D. Trump, and J. Borvick of Vegreville, came down to the Fort on Election day.

Mr. McDonald, of the Brackman-Ker elevator, reports a shortage of cars for shipping purposes during the past week. Mr. McDonald has a fine moose on exhibition, which he shot about ten miles north of here.

The "Fort Saskatchewan Hottentots" will make their bow on Friday evening 14th inst. in the Simpson opera house. The Hottentots have been preparing for this show on an elaborate scale and those who are not Hottentots are on the qui vive for the event. Proceeds are in aid of the hospital.

During the past week, the Manahan House has changed hands. Mr. Matz of the Victoria Restaurant, and Mr. Langhansen, are now the proprietors.

Mr. Percy Blois and family have gone to reside in Edmonton.

Mr. Asher, a student in the Alberta College, preached at both services in the Presbyterian church on Sabbath last.

### EDMONTON STREET RAILWAY

(Toronto News)

Steadily the idea of municipal ownership of street railway grows. A few years ago there were no examples of municipal street railway operation and ownership in Canada, good or bad, but when the franchise of the Toronto Railway Company runs out in 1921 many of the smaller cities will have had considerable experience in this respect. There are now Port Arthur, St. Thomas and Guelph, and the City Council of Edmonton has decided to spend \$49,000 in laying a permanent double track along the central portions of the two main streets, which are to be permanently paved next spring. They will be laid with heavy rails on cement foundations. The rest of the line will in the meantime be of a temporary character, consisting of single tracks of light rails from those central portions to the outskirts of the city. As the streets are paved, permanent double tracks will be put down. This will give a lot of money, as the usual plan is to lay a permanent pavement and then tear it up again to lay down double tracks. Edmonton should see that the cent-strip on these first lines is of the proper width to permit of the use of cars with centre aisles.

27 T. 4.

The council of Local Improvement District No. 37.4 was held at Spruce Grove on December 8th, 1906.

Moved by D. Brox that S. C. Hagen's account for councilors fees be paid. Councilor Metcalf objected to paying part of the account as he claimed that Hagen had no right to be paid for the last meeting he attended as having no right to sit at that meeting of council. After considerable argument, the chairman finally gave the casting vote in favor of paying the account.

Moved by Councilors Metcalf and Brox that U. I. Wabourne be appointed returning officer for District No. 1 and that the poll be held at the North View school house. Carried.

Moved by Brox and Metcalf that J. B. Savard be appointed returning officer for Division No. 2 and that the poll be held at Turcott's school house. Carried.

Moved by Brox and Metcalf that W. Bristow be returning officer for Division No. 3 and that the poll be held at the Spruce Grove school house. Carried.

Moved by Brox and Metcalf that W. Bristow be paid the sum of fifty dollars, being balance salary for 1906. Carried.

Moved by Councilors Metcalf and Brox that the council now adjourn to meet again at the call of the secretary. Carried.

W. BRISTOW,  
Sec.-Treas. L. I. D. 37.4

CALGARY CAN AFFORD IT.

Alberta: In the discussion of a municipal street railway system, one question arises in which should not be considered. Those who favor private ownership and many who have given it no thought at all, assume at once that we are financially unable to undertake such a big proposition. That is not the case. Assuming that the assessed value of Calgary with the new assessment, which is now being taken at \$18,000,000, which is not excessive, our debt allowance will be \$15,000,000. That would give us additional borrowing capacity of about \$3,000,000. The installation of a street railway system complete would not exceed \$150,000. The debt of Calgary is small.

The assessment of Brantford is \$8,692,500. The debt is \$4,452,294.

The assessment of St. Thomas is \$4,869,985. The debt is \$263,350.

The assessment value of Windsor is \$5,247,850 and the debt is \$1,024,724.

The assessed value of Kingston is \$7,965,075. The municipal debt is \$1,044,325.

The assessed value of Belleville is \$3,751,217 and the debt is \$771,296.

The assessed value of Chatham is \$3,635,555. The debt is \$844,710.

The assessed value of St. Catharines is \$4,154,460. The debt is \$275,924.

The assessed value of Woodstock is \$2,948,500 and the debt is \$615,376.

The assessed value of Guelph is \$4,607,329. The debt is \$1,100,177.

It will be seen accordingly that the nature of the enterprise should not keep us from considering it.

IN THE MATTER of the Estate of William Henry Hooper, late of the City of Edmonton, in the Province of Alberta, Real Estate Broker, Deceased.

Tenders for the sale of that portion of Lot "I," River Lot Ten (10), Plan "A," Edmonton, Alberta, as particularized: "Commencing at the North-west corner of the said Lot; thence Easterly along the Southern limit of Jasper Avenue Six and Four-tenths (6 4/10) feet to the Eastern limit of said River Lot Ten (10); thence Southerly along the said limit thirty-eight (38) feet to its intersection with the Eastern limit of Lot "H," thence Easterly along the said limit of Lot "H" thirty-six and nine-tenths (36 9/10) feet to the point of commencement, will be received by the Royal Trust Company, Administrators for the said Estate, up to noon of Saturday, December 22nd, 1906, all tenders to be accompanied by a marked cheque for five per cent. of the purchase price. (Such cheque will be returned if the tender is not accepted.) The balance of purchase money to be paid within thirty (30) days thereafter; the highest or any tender not necessarily accepted.

The above property is said to consist of six and four-tenths feet on Jasper Avenue, triangular in shape, and thirty-eight (38) feet long, nearly opposite the Pendennis Hotel. For further particulars apply to E. C. Pardee, Manager, Royal Trust Company, or to Dawson & Hyndman, his solicitors.

Dated at Edmonton this 26th day of November, A.D., 1906.

### DISSOLUTION OF PARTNERSHIP.

NOTICE is hereby given that the partnership heretofore subsisting between John A. Paul and William S. Hall, under the name of the "Palm Cigar Store," in the City of Edmonton, has been dissolved by mutual consent. All debts owing to the said partnership are to be paid to the undersigned, who is to continue the business, and to whom all claims against the partnership are to be presented for settlement.

\_\_\_\_\_

The Manchester House The Store That Sells For Lowest Prices W. Johnstone Walker & Co

Mr. H. A. Craig, superintendent of Farmers' Institutes in Alberta, has just returned from a trip to the south country and towns along the C. & E., arranging for a series of stock judging schools to be held during the coming winter season.

The Edmonton stock judging school will be held in this city the last two weeks in February and in Lacombe during the first two weeks of the same month. Schools will also be conducted at Innisfail, High River, Medicine Hat, and another somewhere in the Cardston district.

At the Lacombe school it is proposed that a silver cup will be given as a prize to the individual who makes the highest number of points in the judging of every class. The judges in the contest will be the demonstrators who conduct the judging school.

The champions of each stock judging school during the week of the purchased sale, horse show and provincial fat stock show next April. The department, it is expected, will pay their fares to Calgary to compete for a grand championship trophy to be given to the person winning the highest number of points in judging the stock present at the fat stock show.

The department are purchasing a carload of stock to use at the stock judging schools. The animals include every class and have been selected with a view to procuring the best types.

In this connection it is gratifying to notice the success that has attended the results in this respect that have been achieved by the students of the Ontario Agricultural College at Guelph.

On the first of December the stock judging team from Ontario Agricultural College won the International Stock Yards trophy in a contest against six agricultural colleges of the United States from the best States in the Union. This trophy was also won last year by the team from the O. A. C. Mr. Craig was a member of the team on that occasion. The trophy becomes the property of the team winning it three times in succession. Someday the trophy may be won by Alberta.

## TO IMPROVE WELLAND CANAL

The enlargement and improvement of the Welland Canal was a subject of discussion at the board of trade on Tuesday. The question arose from a report from the Kingston board of trade asking that the Welland board co-operate with the board of trade in western Canada in urging upon the Dominion Government the necessity of the scheme.

The enlargement and improvement of the Welland Canal it is represented as a matter of the most urgent importance to Canada, as a means of reducing the cost of transportation of grain and other export products from the interior to tide-water, and also as a means of making the St. Lawrence the highway for the export commerce of the Dominion.

At present the route from the inland lakes via Buffalo and the Erie Canal to New York enjoys a great advantage in cheapness with which grain can be carried because it is carried in large vessels of 10,000 tons or over. Improvements are in progress on the Erie Canal system whereby barges carrying 1,000 tons will replace those that now carry only 250 tons. Unless the Welland Canal is enlarged it cannot compete with the Erie system.

If the Welland Canal is improved so as to permit the large vessels of the upper lakes to extend their voyages to the foot of Lake Ontario, it is claimed the advantage will lie with the Canadian route.

The comparative facilities will then be—By the New York and Buffalo route, a steamer of 10,000 tons for 300 miles to Buffalo, and a barge of 1,000 tons for 100 miles to New York. By the Canadian route, a steamer of 10,000 tons for 1100 miles to the foot of Lake Ontario, and a barge of 2000 tons for 170 miles to Montreal.

The comparative cost of transportation is claimed would then be—From the foot of Lake Erie, Buffalo to New York including terminals per bushel, 49 cents.

From the foot of Lake Erie, additional cost by steamer through improved Welland Canal from Port Colborne to foot of Lake Ontario 5c.

From there to Montreal by river barge including trans-shipment and all other terminals 1.62 cents.

Additional insurance via St. Lawrence 2c.

Balance of cost in favor of the St. Lawrence route 252 cents.

## PROMINENT ARTIST AND BILEANS

Says They Cured Him of Pain After Food, Belching, Constipation and Weakness—He Was Gradually Losing Weight But Has Now Regained It.

One of the most impressive cures of indigestion and allied ailments ever reported has just been effected by Bileans in Toronto. The subject is Mr. Arthur R. Hand, a prominent

teacher of painting on china, leather, glass, etc., residing at 2 Woodgreen Place, Toronto.

As a teacher of painting, Mr. Hand has made for himself a wide reputation, but his work was interrupted with considerably by acute attacks of digestive disorder. He says:

"I suffered agonies for months previous to taking Bileans, resorted to all kinds of remedies, but found only temporary relief. The indigestion came on quite suddenly, soon after eating, and caused me terrible pain. There was a constant feeling of uncomfortable fullness in the stomach, pains in the chest and under the shoulder blades and rifting and belching of gas.

I had constipation so badly that no medicine seemed to have any effect on the bowels. I dined a great deal, but the slightest food brought the same distress. After taking a few Bileans I experienced some relief and comfort after meals, so I purchased a supply of this valuable remedy and left all other remedies alone. Bileans cured me. Now my food digests very nicely and my bowels act quite naturally.

"Before I took Bileans my food did me no good, and I was losing weight rapidly. In a few months, through the use of this valuable remedy, my weight increased from 125 to 165 lbs. This increase, too, is not useless fat, but sound, healthy flesh."

Not only for indigestion, but for constipation, piles, general debility, anemia, female ailments, rheumatism, blood impurities, liver and kidney complaint, headache, dizziness, wind etc., Bileans are widely recommended. They are purely herbal and do not merely relieve these ailments—they cure them permanently. All druggists sell Bileans at 50c. a box, or post free from the Bilean Co., Toronto, on receipt of price. 6 boxes for \$2.50.

## Synopsis of Canadian North-West.

Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 8 and 24, not reserved, may be homesteaded by any person, the sole head of a family, or male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-Agent.

An application for entry or inspection must be made personally at any Sub-Agent's office may be varied at the local Agent by the Sub-Agent, at the expense of the applicant, and if the land applied for is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "persecution" the entry will be automatically cancelled and the applicant forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing, and not liable to cancellation, may, subject to the approval of the Department, relinquish it to favor of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior rights of entry.

Applicants for inspection must state in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry, should the land become vacant, or if entry has been granted it may be summarily cancelled.

Builder—A settler is required to perform the conditions under one of the following plans—

(1) At least six months' residence upon cultivation of the land in such year during the term of these years.

(2) If the father (or mother, if the father is deceased) of a homesteader, resides on a farm in the vicinity of the land entered by such homesteader the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of the homestead, the requirements may be satisfied by residence upon such land.

before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

**SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS**

Coal—Coal lands may be purchased at \$10 per acre for soft coal, and \$20 for anthracite. Not more than 200 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton or two pounds shall be collected on the gross output.

Quartz—A free miner's certificate is granted upon payment in advance of \$5 per annum for each five miles from \$50 to \$100 per annum for a company according to capital.

A free miner, having discovered minerals in place, may locate a claim 1,000 x 1,000 feet.

The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2-1/2 per cent on the sales.

Placer mining claims generally are 100 feet square; entry fee \$5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lease shall have a dredge in operation within one season from the date of the lease for each five miles. Rental \$10 per annum for each mile of river leased. Royalty at the rate of 2-1/2 per cent collected on the output after it exceeds \$10,000.

W. W. CROFT,  
Deputy of the Minister of the Interior.  
N.B.—Unauthorized publication of this advertisement will not be tolerated.

## A FAMILY SHOE STORE

## FROM DAY TO DAY

### THE ELOCUTIONIST'S CURFEW

England's sun was slowly setting—  
(Just your right hand to your  
robe)  
Filling all the land with beauty—(Wear  
a gaze of rapture now);  
And the last rays kissed the forehead of  
a man and maiden fair  
(With a movement slow and graceful  
you may now push back your  
hair);  
He with sad, bowed head—(A drooping  
of your head will be all right;  
Till you hoarsely, sadly whisper "Cur-  
few must not ring tonight.")

O'er the distant hills came Cromwell—  
(Right hand to the brow once  
more);  
Let your eyes look down the distance,  
away above the entrance (door);  
At his foot steps told her story—(Lift  
hands as though they hurt);  
And her sweet young face as haggard—  
(Now your father you agate).  
Then you straighten up as Cromwell,  
and be sure you get it right;  
Don't say, "Go, your liver loves!"—  
well; "Curfew shall not ring to-  
night!"

W. D. NESBIT.

### MAYORS FROM THE RANKS

The old world is not without in-  
stances of "Self-Made Men."  
One of the most striking features of  
recent municipal elections has been the  
number of mayors who have worked  
themselves up from the ranks to the  
mayoral chair. London's lord mayor,  
who enjoys an official salary of not far  
short of \$1,000, for example, is still in  
private life a foreman printer at the  
offices of the "Evening Standard," but  
in his public capacity he divides his  
time between his municipal and parlia-  
mentary duties, for Joseph Patrick Nant-  
on, the gentleman in question, is a  
representative of the Nationalist party  
in the House of Commons.

Some little time ago, when King-  
ston-Thames was rent in twain over the  
question as to whether it would not  
have an ex-police constable as its  
mayor, Blackpool elected to the highest  
dignity in the town, Ald. J. Brodie, who  
was once a constable at Manchester,  
and who lived to fill with distinction  
the mayoral chair of the most popular  
watering place in the United Kingdom.  
The same year that witnessed Ald.  
Brodie putting the coping stone to his  
career, saw Councillor Timothy Owen  
elected to the mayoral chair at Aber-

deen, Glamorgan. Councillor Owen in  
active life is a railway signalman, and  
on the occasion of his attending to the  
afternoon session of the council, he was  
accompanied thither by Richard Ball and  
109 railway men, who joined in the  
mayoral procession, the length of which  
provided a record for the town.  
Signalman Owen, by the way, is not  
the only railway servant who has risen  
to the dignity of mayor, for quite re-  
cently the mayor of Dijon, France—  
M. Barabant at the time of his  
election a local railway porter; while  
their mayor of the important town of  
Bridgeport, U. S. A., in 1901, was a  
man who, up to ten days before taking  
up his reins of office, was a stoker.  
Some little time ago it was proposed

### SOCIAL.

The Senate has adjourned until the  
16th January, and a great many of  
its members are returning home. Sen-  
ator and Mrs. Roy leave Ottawa this  
week to spend the holidays at Ed-  
monton.

Mr. and Mrs. J. W. Greenway en-  
tertained several westerners at din-  
ner in Ottawa last week, including  
Senator and Mrs. De Veber, Mrs.  
McPhee, Senator Talbot, Dr. McIn-  
tyre, M.P., and Rev. Dr. Macdou-  
gall.

The engagement is announced in  
Toronto of Miss Janet Lindsay  
King, second daughter of Mr. John  
King, K.C., and Mrs. King, Toronto,  
to Mr. Harry Morrison Lay, of the  
Canadian Bank of Commerce and re-  
cently manager at Skagway, Alaska.  
The happy fashion of entertaining  
a large house party of near relatives  
during the holiday season will be set  
this year by their Excellencies the  
Earl and Countess Grey, Her Excel-  
lency's sister, the Countess of An-  
trim, at present lady-in-waiting to  
the Queen, and her niece, Lady  
Louise Loder, arrive in Ottawa this  
week and will spend Christmas at  
Rideau Hall. Lord and Lady Howick  
will also spend Christmas with their  
Excellencies.

## WORLD'S MARKETS

### GRAIN LETTER

What—After steady opening on the  
light receipts in the north west this  
market turned weak on the better for-  
eign news. Minneapolis May, after  
early sales at \$1 2-4, sold off to \$1 1-2.  
Short covering and commission house  
buying was responsible for a quick  
reaction from the low level, but the  
seller pressure again became pre-  
dominant and prices were about 1-2  
above low figure of day. Trade was  
nervously active and commission houses  
reported an improved investment de-  
mand for the futures and professional  
but element however were responsible  
for most of the day's trading and as  
long as this crowd is able to furnish  
the bulk of the trade, nothing better  
than a broad scalping market can be  
looked for. Liverpool closed 1-3d  
lower, Paris wheat was weak and 1-4  
to 1-2 D. lower at the close. The  
Argentine Minister of Agriculture de-  
nied the report of damage by locusts  
and drought. A Chicago trade paper  
the stocks of wheat and flour at the  
world's principal primary markets 22,  
\$48.00 bushels an increase of 17,193.00  
bushels as compared with last year's  
figures for the same time day. Min-  
neapolis stock increased \$50,000 bush-  
els for four days. Flour shipments  
from that point equalled 49,612 bbls,  
clearances of wheat and flour \$94,000  
bushels, 33,000 bushels of this being  
in the shape of wheat. The market  
has had a good set back from the  
former high level and we believe that  
wheat should not be bought for a mo-  
derate turn.

Stocks—For the greater part of to-  
day's session stock ruled strong and  
quite active but there seemed to be  
a disposition on part of a great many  
traders to take the good profits in  
eight and this class of selling becom-  
ing more general during the last hour  
caused prices to give way slightly and  
the close though steady was at a re-  
action of from 1 to 1 1-2 points from  
the days best figures. After the  
steady advance of the past week it is  
only natural to expect some reaction  
and the market will be all the better  
for it and on any further set back  
from these prices, we again advise the  
purchase of the Standard Issues. Don't

overlook the medium and low priced  
stocks, they are ready for a good  
substantial advance. Buy Canadian  
Pacific on all set-backs.

### WINNIPEG DELIVERY

Winnipeg, Dec. 11—May wheat open,  
77 1-2, close 77 1-8. July open, 78 3-8  
close 78.  
Cash Wheat—1 h. 75 1-2 n. 72 3-4; 2 n.  
71 3-8, 3 n. 69 1-4. Oats 34 3-8.

### MINNEAPOLIS DELIVERY

Minneapolis, Dec. 11—May open \$1 1-4  
high \$1 3-4, low \$1 1-8 close \$1 1-8.  
July open \$1 7-8, high \$2, low \$1 3-8,  
close \$1 1-8.

### RATES REDUCED

Edmonton coal shippers have had  
their market considerably extended in  
the taking over of the line between Re-  
gina and Prince Albert by the Canadian  
Northern Railway and the settlers  
along that line are correspondingly  
benefitted by a substantial reduction in  
the freight rates. The following table  
shows the reductions in coal rates from  
Edmonton which have been made by the  
Canadian Northern Railway:

Prince Albert, old rate, 22c per 100  
lbs.; new rate 17c per 100 lbs.  
Duck Lake, old rate 21 cents; new rate,  
16c per 100 lbs.  
Rosthern, old rate, 20 cents; new rate,  
16c per 100 lbs.  
Oscar, old rate, 19 cents; new rate 15c  
per 100 lbs.  
Saskatoon, old rate, 20 cents per 100  
lbs.; new rate 15c per 100 lbs.  
Lundon, old rate, 21 cents; new rate,  
16c per 100 lbs.  
Davidson, old rate, 22 cents per 100  
lbs.; new rate 17c per 100 lbs.  
Chamberlain, old rate, 22 1-2 cents per 100  
lbs.; new rate 17c per 100 lbs.  
Lundon, old rate 23 1-2c. per 100  
lbs.; new rate 17c per 100 lbs.  
Regina, old rate 23 1-2 cents; new rate,  
18c per 100 lbs.

From the foregoing, it will be seen  
that the reduction runs from 80 cents  
to \$1.00 per ton and corresponding re-  
ductions have been made to all points  
between Regina and Prince Albert, not  
mentioned above.

## Ladies' Ready-to-wear Hats

up to \$5.00 values \$1.75

We haven't enough to go the round of every woman in town, so those who need a pretty ready-to-wear hat for winter wear should come early and get first choice. The hats are all stylish and all becoming, but as every woman is endowed with the faculty for picking out the best, it behooves those who intend to buy one to be among the early comers. The styles are most up-to-date, the colors and trimmings excellent and values phenomenal. All one price, each

say about the entrance of Mr. King, the fact that he is a member of the Senate and a great many of its members are returning home. Senator and Mrs. Roy leave Ottawa this week to spend the holidays at Edmonton.

W. D. NESBIT.

### MAYORS FROM THE RANKS

The old world is not without instances of "Self-Made Men." One of the most striking features of recent municipal elections has been the number of mayors who have worked themselves up from the ranks to the mayoral chair. Dublin's lord mayor, who enjoys an official salary of not far short of \$5,000, for example, is said to have been a private printer at the office of the "Freeman's Journal," but he has since his municipal and parliamentary duties, for Joseph Patrick Norton, the gentleman in question, is a representative of the Nationalist party in the House of Commons.

Some little time ago, when Kingston-on-Thames was rent in twain over the question as to whether it would not have an ex-police constable as its mayor, Blackpool elected to the highest dignity in the town, Ald. J. Brodie, who was once a constable at Manchester, and who lived to fill with distinction the mayoral chair of the most populous watering place in the United Kingdom. The same year that witnessed, Ald. Brodie putting the coping stones to his career, says the Council, Timothy O'Connell, the mayoral chair at Aber-

## WORLD'S MARKETS

### GRAIN LETTER

Wheat—After steady opening on the light trade in the north west, the market turned weak on the better foreign news. Minneapolis May, after early sales at 81 3-8, sold off to 80 1-2. Short covering and commission houses buying was responsible for a quick reaction from the low level, but the selling pressure again became pronounced. Current prices were about 1-2 above low figure of day. Trade was nervously active and commission houses reported on improved investment demand for the futures and professional but, chemical however, were responsible for most of the day's trading and as long as this crowd is able to furnish the bulk of the trade, nothing better than a broad scalping market can be looked for. Liverpool closed 1-4 lower, Paris wheat was weak and 1-4 to 1-2 D. lower at the close. The Argentine Minister of Agriculture denied the report of damage by locusts and drought. A Chicago trade raguer the stocks of wheat and flour at the world's principal primary markets 329, 348.60 bushels an increase of 17,193.00 bushels as compared with last year's figures for the same time day. Minneapolis stock increased 550,000 bushels for four days. Flour shipments from that point totaled 49,612 bbls, clearances of wheat and flour 894,000 bushels, 518,000 bushels of this being in the shape of wheat. The market has had a good set back from the former high level and we believe that wheat should not be bought for a moderate turn.

Stocks—For the greater part of today's session stock ruled strong and quite active but there seemed to be a disposition on part of a great many traders to take the good profits in sight and this class of selling becoming more general during the last hour caused prices to give way slightly and the close though steady was at a reaction of from 1 to 1 1-2 points from the days best figures. After the steady advance of the past week it is only natural to expect some reaction and the market will be all the better for it and on any further set back from these prices, we again advise the purchase of the Standard Issues. Don't

overlook the medium and low priced securities, the market is ready for a good substantial advance. Buy Canadian Pacific on all set-backs.

**WINNIPEG DELIVERY**  
 Winnipeg, Dec. 11—May wheat open, 77 1-2, close 77 1-8. July open, 78 3-8, close 78 1-8.

Cash Wheat—1 h. 75: 1 n. 72 3-4; 2 n. 71 3-8, 3 n. 69 1-4. Oats 34 3-8.

**MINNEAPOLIS DELIVERY**  
 Minneapolis, Dec. 11—May open 81 1-4, high 81 3-4, low 80 1-4, close 80 5-8. July open 81 3-4, high 82, low 81 3-8, close 81 1-8.

### RATES REDUCED

Edmonton coal shippers have had their market considerably extended in the taking over of the line between Regina and Prince Albert by the Canadian Northern Railway and the settlers along that line are correspondingly benefited by a substantial reduction in the freight rate. The following table shows the reductions in coal rates from Edmonton which have been made by the Canadian Northern Railway:

Prince Albert, old rate, 22c per 100 lbs.; new rate 17c per 100 lbs.  
 Duck Lake, old rate 21 cents per 100 lbs.; new rate, 16c per 100 lbs.  
 Rossmore, old rate, 20 cents per 100 lbs.; new rate, 16c per 100 lbs.  
 Oiler, old rate, 19 cents per 100 lbs.; new rate 15c per 100 lbs.  
 Saskatoon, old rate, 20 cents per 100 lbs.; new rate 15c per 100 lbs.  
 Dundurn, old rate, 21 cents per 100 lbs.; new rate, 16c per 100 lbs.  
 Davidson, old rate, 25 cents per 100 lbs.; new rate 17c per 100 lbs.  
 Chamberlain, o. r., 22 1-2 cents per 100 lbs.; new rate 17c per 100 lbs.  
 Lumsden, old rate 23 1-2c. per 100 lbs.; new rate 17c per 100 lbs.  
 Regina, old rate 23 1-2 cents per 100 lbs.; new rate, 18c per 100 lbs.

From the foregoing, it will be seen that the reduction runs from 80 cents to \$1.50 per ton and corresponding reductions have been made to all points between Regina and Prince Albert, not mentioned above.
